2. Tuition fees requirements for all students

All students on a programme of study at Edinburgh Napier University are required to pay tuition fees and all other charges in respect of each academic year of the period of study. Fees are due for each academic year or period of study for the whole programme/course. Progression through a programme of study will be affected if fees are not paid.

It is your responsibility to ensure that the necessary funds are in place before starting on your course of study.

The fees due to the University are classed as Academic and Non-academic

Academic fees are – Tuition Fees, Field Trips, Exchange fees

Non Academic Fees– Edinburgh Napier Accommodation only, Rent, Library fees and fines

The University considers £25 cumulative debt to be a small debt value

Fee Deposits

Where fees are more than £6500 the University will require a non-refundable deposit of £5,000 prior to enrolment. If you are an international student who requires a visa to study in the UK, your Certificate of Acceptance for Studies (CAS) number will not be released until the Finance Team has received your payment.

University Scholarships

If you have been awarded a University Scholarship, the award amount cannot be used in lieu of the £5,000 deposit, which must be paid before your CAS can be issued. If you have been awarded a scholarship this amount will be deducted from your outstanding fee amount.

Prompt payment discount

There is a discount of £500 for full payment made 30 days prior to the course start date for self-funded students with annual tuition fees of more than £6,500 (with the exception of collaborative students).

Other fees and charges

All other fees, charges and fines (as published) are payable on demand. (e.g. fines, field trips, etc.).

The University reserves the right to request payment in full prior to being permitted to complete registration or, where appropriate, re-registration from any student who has current or previously had outstanding debts to the University.

Sponsorship

If you are in receipt of funding or sponsorship you need to have your funding in place before you start your programme of study.

Sponsorship means an Employer or Funding Body such as SLC/SAAS.

- Copy of current year SAAS / Student Finance letter
- Purchase order from employer
- Letter of sponsorship on company headed paper addressed to Edinburgh Napier University

From week 1 of each academic year / trimester, the student will be charged for fees and the balance will be due and payable.

If sponsorship is for more than one academic year, your information will need to be updated at the start

of each new academic year.

Without confirmation of sponsorship at the start of your course of study, you will be required to pay in full or set up a payment plan, which will be amended upon receipt and validation of written evidence of sponsorship (e.g. copy of SAAS letter, letter from your employer on company headed paper).

Upon receipt of sponsorship confirmation Finance will charge your sponsor directly. **In the event of a sponsor defaulting on payment, it is your responsibility to pay your fees** and, in this circumstance, you will be charged for all outstanding fee payments, which will become due and payable.

3. How do you pay your fees?

Tuition fees prices are available online at <https://www.napier.ac.uk/courses>
